

## Fucked Up Reader

First published to critical acclaim in 1999 and reprinted numerous times, *Fucked Up and Photocopied: Instant Art of the Punk Rock Movement* is still the seminal book on the art of punk rock fliers. While most attention has been paid to the phenomenal archive of images in the book, the essays contained offer an incredible snapshot of the birth of the movement and its lasting legacy. The Reader collects all of these insightful pieces together with those contained in its follow up book, *Punk is Dead, Punk is Everything* in one tome. Writers include Brendan Mullen, Jello Biafra, Pushead, Mike Watt, Lorna Doom, Tony Alva, and many more alongside interviews with punk pioneers Ian Mackaye and Malcolm McLaren.
