

2003 Standard Catalog of Firearms: The Collectors Price & Reference Guide

With more than 25,000 firearms and 110,000 accurate prices, this updated edition is in a class by itself. No other reference compares. Referred to as an indispensable reference guide by the NRAs American Rifleman, this 13th edition is the largest and most comprehensive firearms identification and price guide available. Nearly every modern and antique firearm made since 1838 is covered in these heavily illustrated listings. Antique guns are priced in five condition grades, while modern guns are priced in six. Gun dealers, collectors, and hobbyists will easily identify firearms using the more than 6,000 photos and accompanying detailed firearm descriptions. Cross reference more than 550 trade names to learn the original manufacturer. Over 50 essays provide in-depth coverage of what its like to own select firearms. A 16-page colorful gun gallery section features large, glossy photos of rare and notable firearms recently sold at auction.- With more than 110,000 prices for over 25,000 firearms, no other firearm reference compares- Covers nearly every antique and modern firearm manufactured since 1838- Color gun gallery showcases rare and notable firearms recently sold at auction
