

Christian Mothers And The Bible

Christian, Muslim, Buddhist, Hebrew or Atheistic, Mothers around the world are basically all the same in wishing a long, happy and healthy life for their children. This is the true story of a few Christian Mothers and their offspring, illustrated from 100 year old glass slides. I hope you will enjoy the book. Magic lanterns provided one of the most popular forms of entertainment during their heyday in the 18th and 19th centuries, establishing many of the first 2-D special effects. Using an artificial light source and a combination of lenses, these devices enlarged small transparency images or miniature models and projected them onto a wall or screen. While most magic lanterns were designed as simple wooden boxes fitted with a handful of precision brass parts, a few were ornately decorated with exotic painted scenes or engraved metal casings.
