

International Conference on Computer Design: Vlsi in Computers and Processors : October 7-9, 1996 Austin, Texas (Ieee International Conference on Computer Design//Proceedings)

Proceedings of the October 1996 conference on the interactions among architecture, networking, computer-aided design, design and test, technology, and embedded computing. Contains papers from sessions on areas such as verification, design for test, HDL-based system design, embedded systems, data com
