

Warren Ellis Strange Killings: Strong Medicine

Combat Magician William Gravel is back in a new series full of bad juju. Gravel finally escapes his deniable ops in the USA and is able to return to this home in London. But before he can even settle in, he gets sucked into a horrific child mutilation investigation. Because this child was killed in a very specific way, it was a muti-killing designed to bring powerful magic to someone. And if Gravel cant stop him, many more children will die to create a black magician with very strong medicine.
