

Star Wars Adventures: Will of Darth Vader v. 4

When the Rebellions hit-and-run attacks on Imperial cargo ships become too audacious - and successful - to be ignored, Darth Vader is sent to find the Rebel base and destroy it. But the base, hidden in the center of a constantly shifting asteroid field, cannot be attacked directly. To reach his target, Vader will have to team up with a recently captured smuggler named Zika - and dealing with an unwilling, wisecracking partner may be more of a trial for the Dark Lord than the actual mission!
