

100 Walks in Warwickshire and West Midlands

Each book in this series features 100 circular walks ranging from 2-12 miles. The walks have a map, points of interest, and places to eat and drink en route, plus suggestions for easy car parking. The walking territory in these two counties remains largely undiscovered, as they are better known for their towns and cities, such as Stratford and Leamington, but there should be walks to appeal to all tastes.
