

## Strange Heroes #3

Bill Willingham writer of the smash hit series FABLES tells a pair of stories detailing the lives of strange heroes living in very odd worlds. In Otherland, Mary Arevalo washed up on a desolate shore and to find a beautiful and savage land. Richard Trent, also known as Tanakura, saved Mary's life and together they started a journey across this strange world in search of a distant settlement of humans. By accident, they found a fierce dragon in an underground temple who wanted them dead. In Spellbinder, a former combat sorcerer named Cornelius gets assigned to young Tommy Bowen as his instructor. Tommy's sorcerer training has him dressing as a superhero to disguise his magical nature from the eyes of a prying public. As a result of Tommy's first mission, he has a baby Grendel in his garage and a dinner date at the front door.
