

Therese Raquin

Therese Raquin was originally published in 1867, in serial format, in the journal *L'Artiste* and in book format in December of the same year. Raised alongside her sickly cousin, Therese lives the quietest of lives. Yet something impetuous and wild stirs within her -- as she learns of herself during moments of escape into the countryside. But now the family is in Paris, taking over a mercers shop in the dingy Arcade of the Pont Neuf. To appease the aunt who has cared for her, she marries her pale, nerve-wracked cousin. Then a schoolmate of her husbands appears -- almost his complete opposite, with full voice, jovial laughter -- and a strapping build that gives her nervous pangs to contemplate ... And a new Therese, one her aunt or husband has never known, threatens to break free of the restraints that have bound her, all these years!
