

Dodger Stadium (CA) (Images of Baseball)

Since 1962, the inspiring architecture and sweeping vistas of Dodger Stadium have inspired millions of Los Angeles Dodgers baseball fans. What team president Walter OAMalley envisioned nearly half a century ago endures as one of professional baseball's most striking pieces of architecture, standing in the shadow of the dramatic San Gabriel Mountains. Dodger Stadium is also one of only two such parks built during the 20th century constructed entirely with private funds. Most people think of the stadium as a world-class baseball park, and Dodger Stadium has certainly earned such a reputation, hosting eight World Series, an All-Star contest, and hundreds of action-filled games through the years, during which the Dodgers won eight National League championships and four World Series. But the stadium has been much more than a sporting ground, hosting Olympic ceremonies and events, a papal visit from John Paul II in 1987, and world-renowned musical events, ranging from Elton John to KISS to The Three Tenors. Other events have included ski-jumping competitions, boxing, and a Harlem Globetrotters basketball exhibition. For four years in the 1960s the stadium was also used by the Los Angeles Angels baseball team.
