

The Spanish Aristocrats Woman - Sons of Privilege 3 (Harlequin comics)

Cara is at an acquaintances wedding when suddenly an incredibly handsome man approaches her. His name is Gui. He is a famous Spanish count and businessman. He is so tall and thin that she feels overweight next to him. Always a flower on the wall, this is the first time that she finds herself directly involved with someone else at one of these parties, and she finds herself a little flustered. But just as she is starting to enjoy herself, a beautiful woman cuts in and takes things over. Apparently she has her sights set on the count and Cara is in her way. Cara is about to leave when the count says something that stops her right in her tracks. Cara is my fiancée. Your petty conversation is getting in the way of our dance. Please leave us. What? Did she just get engaged to someone she just met?
