award-winning theory software, Alfreds
Essentials of Music Theory, is now
available in a new and updated Version 3!
This software features a fresh new interface
and more activities to teach students
everything they need to know about music
theory. The Student Version includes
narration and animation of music theory
concepts through lessons, exercises, games,
tests and ear training with recordings of a
variety of acoustic instruments to motivate
students while strengthening musical skills.
The program includes randomized
exercises, ear training and graded reviews
for each unit. A complete glossary of
musical terms and symbols with written
definitions, pronunciations and visual/aural
examples is also included. The Student
