

The Barry Halper Collection of Baseball Memorabilia (3 Vols.)

The Barry Halper Collection of Baseball Memorabilia will not be seen together anywhere except in this limited edition three-volume, slipcased catalogue of the auction which is to take place at Sothebys in New York in late September 1999. The catalogue has over 2,000 photographs, most of them in color, and detailed descriptions of each lot with auction price estimate. The catalogue also has personal commentary on the Collection by Yogi Berra and Ted Williams. This catalogue is more than just a detailed record of the Halper Collection. It is a comprehensive volume documenting the rich history of our national pastime, and has been designed to be an essential addition to any baseball library. As a piece of baseball history, the Halper catalogue is a collection in itself and will not be reprinted once the initial supply is gone.
