- * Joint manipulation that works
- * Leverage control vs. pain control

- * Safely and quickly crossing the gap
- * Blocking an assailant's strikes
- * Using vulnerable points to gain compliance

- * Arresting big guys
- * Fighting concepts to take on patrol
- * Weapon retention in close quarters and on the ground

Written by a retired cop and high-ranking martial artist who survived all that the mean streets threw at him while working patrol, gang enforcement and dignitary protection, *Defensive Tactics* goes beyond what is taught in the academy, officers in-service training, and what is allowed by the administration. **BONUS:** Includes a chapter on proven ways to control a suspect on the ground written by LAPD officer Mark Mireles, an MMA coach, police academy trainer, and wrestling champ.
