

## Cinderella: The Love of a Daddy and His Princess

As the clock strikes midnight, remember ...

Each moment we have to spend with our children is a blessing from above. But as we cherish this chapter of life, we realize the pages of time will keep turning. Alternating between the voices of a father and his daughter, Cinderella celebrates the blessings of childhood, family, love and life. You will be enchanted by this modern fairytale that teaches us how to hand our own Cinderella her glass slippers and let her go.
