

Cubase Sx The Official Guide

Produced in association with Steinberg, the manufacturer of industry-standard sequencing application Cubase, this is the official guide to the next generation in home studio recording software. It is a simple, user-friendly introduction to all of Cubase SXs new features, instruments, and effects, plus practical comparisons with previous generation software. Suitable for musicians new to Cubase and SX and those transferring from Cubas VST. Cubase SX contains all you need to know about the new breed of sequencer.
