

Designing with Type, 5th Edition: The Essential Guide to Typography

The classic Designing with Type has been completely redesigned, with an updated format and full color throughout. New information and new images make this perennial best-seller an even more valuable tool for anyone interested in learning about typography. The fifth edition has been integrated with a convenient website, www.designingwithtype.com, where students and teachers can examine hundreds of design solutions and explore a world of typographic information. First published more than thirty-five years ago, Designing with Type has sold more than 250,000 copies and this fully updated edition, with its new online resource, will educate and inspire a new generation of designers.
