

Bloodshot (2012-) #9: Digital Exclusives Edition

With digital exclusive content including original art! There's no turning back now. The man with a past he can't remember has to make one of the most difficult decisions of his life. Should he play the role of savior and unleash a force that could possibly destabilize the world? Or should he settle into the role he knows best -- killer -- and wipe the slate clean, once and for all? Full of shocks, heart-stopping action and more backstabbing than a dozen productions of Julius Caesar, Bloodshot has his finger on the trigger -- and the shot that will be heard around the Valiant Universe gets fired right here.
