

Dan Dare #4 (of 7)

Its the last stand on Port Napier as Dan Dare and the colonists find themselves nearly overrun by the onslaught of Torr, vicious killing beasts. Trying to hold them off until they can be rescued, what they dont know is that the entire royal navy has been thrown into disarray by the disappearance of the Prime Minister back on Earth. As Peabody attempts to piece together the puzzle-and the government-Dan and Digby brace themselves for total annihilation, hoping for a miracle.
