

The Malt Whisky Map of Scotland and Northern Ireland - Folded Map

This fully revised colour map giving information about the whisky distilleries of Scotland and Northern Ireland is prepared by whisky writer Neil Wilson and James McEwan, the director of Bruichladdich Distillery, Islay. Updated for 2015 this map features every distillery, with contact information. The map gives a full view of the whisky producing regions of Scotland. The regional boundaries are now redrawn to simplify this aspect of the whisky industry. Unique notes by James McEwan on the reverse of the map include a distillery directory, website addresses, cooperage notes, cask information, Landranger OS map references and some interesting distillery terms and a Highland distilling licence from 1793. The total map size when open is 970mm x 762mm. The map is also available rolled, in a tube, so it can be wall mounted.
