

Black Summer

Warren Ellis eight-issue opus of masked hero revolution, *Black Summer*, perfectly complimented by the stunning and explosive art of the genius Juan Jose Ryp, is nothing less than a sequential masterpiece! The world goes black in this epic story of super-powered heroes and villains. The story begins when the political situation in the United States becomes more than Horus can stand, and he moves to take matters into his own hands. Unfortunately, not all of his team-mates are quite so eager to throw the world into chaos, and an epic conflict ensues. With Horus and the rest of the surviving Guns facing off against the military and each other, no one is safe as the bodies start to fall.
