

The Master of the World: The Graphic Novel (Campfire Graphic Novels)

A sleepy American town is woken up in the middle of the night by horrifying noises. Terror-stricken citizens claim to have heard unexplained rumblings and there are reports of bright lights emanating from a nearby mountain. As the head police inspector in Washington DC John Strock is assigned to investigate the mysterious happenings. He sets out on the case, having no idea what shocking secrets will be discovered. During his investigation, reports of other inexplicable events around the country start to come to light. Unusual boats, fast cars and flying machines all play a part in the mystery as it unfolds. Strock starts to suspect that all these incidents are connected in some way, and strives to get to the bottom of it. Will he succeed in his quest? Or will the Master of the World live up to his name?
