

77 Sulphate Strip

An eyewitness account of the year that changed everything. The punk rock book of the year. Even John.Lydon.com heartily recommended 77 Sulphate Strip! An eyewitness account of 1977 by one of the only journalists allowed full access to the bands. This is the true story of how it really felt and what happened then... .. and how John Lydon, Hugh Cornwell and Rat Scabies feel now about what they said and did back then. It includes a truly unique 30-page interview with Mr Rotten which his web site described as laced with revelations you wont read elsewhere. Phil Chevron of the Pogues said of the interview I doubt youll ever read a better John Lydon interview or a more open and honest one. A five star read.
