

Marvels: The Platinum Edition Slipcase

Marvels super-sized Adamantium Collection-style format continues, shining a well-deserved spotlight on a true Marvel classic! Within the Marvel Universe, heroes soar high in the skies, ready to battle the villains who threaten their world. Yet living in the shadow of these extraordinary icons are ordinary men and women, who view the Marvels with a mixture of fear, disbelief, envy and admiration. Among them is Phil Sheldon, a New York City photojournalist who dedicates his career to covering the exploits of the Marvels and their effect on humankind. A richly painted historical overview of the entire Marvel Universe, Marvels spans the 1939 debut of the Human Torch to the fearsome coming of the world-devouring Galactus, culminating in the shocking death of Gwen Stacy, Spider-Mans first love. Plus: an extensive and gorgeous Alex Ross art gallery!
