

## The Moth

In the brooding north country hills, a man and a woman fought for the passion they felt for each other that the world branded a disgrace Agnes Thorman the proud but forlorn mistress of a once-grand estate, whose society forbade her the man who was her equal in all but name Robert Bradley a gifted craftsman, as visionary and challenging as the dawning new age. He had yet to seize his dream, which could destroy the woman he loved And Milicent Thorman the strange, wise girl-child fated to play a part in the lovers unfolding destiny The lives of these three are woven into a compelling story with the masterly touch of Catherine Cookson.
