

HIRED BY MR RIGHT (Harlequin comics)

Princess Samantha Popov wants her freedom, and she's got three months to prove that she can make it on her own. She starts out as a maid for Dylan Harmon, a man who's quickly working himself into the same early grave his father went to, but she soon becomes his personal secretary. Can she keep her real identity secret and just do her job, or will the attraction between her and Dylan ruin everything?
