

Photography Box Set: The Art of Setting Up Photography Lighting and Taking STUNNING Professional Photographs (Photography, Photography Books, Photography for Beginners)

BOOK #1: Photography Lighting: The Art of Setting Up Photography Lighting for a Home Studio

Setting up photography lighting for a home studio doesn't have to be hard. Going through this book you can gradually learn how to make your photographs look exactly how you want them to look like. This book is suitable for both: beginner and advanced photographers who share the same passion for this beautiful art of photography. Here is a Preview of What You Will Learn: The Importance of Light and Basic Props, Light Exposure, Light Quality, Light Direction, Shadows and Highlights.

BOOK #2: Photography: The Ultimate Beginners Guide to Taking STUNNING Professional Photographs

Are you interested in becoming a great photographer? Maybe you are thinking about taking up photography as a hobby. Or maybe you are thinking about making it a little side business. Regardless of whether you are thinking about doing photography as a hobby or a business, you have to start somewhere on the road to learning about photography. Most people think that the key to taking great photos is having high quality, expensive equipment, and although the high quality equipment is nice to have, it doesn't guarantee great photos. You can take great photos with all kinds of cameras and really the key to having nice pictures is the technique you use, knowing the best ways to maximize your particular camera, and avoiding common mistakes. Here is what you will learn: Get to Know Your Camera, Take Pictures & Become Familiar with Your Camera, Taking the Best Photos, Clearing up Blurry Photos & Using your Flash, Staying Organized & Practice, Practice, Practice, and much, much more! Getting Your FREE Bonus

Download this book, and find BONUS: Your FREE Gift chapter right after the introduction or after the conclusion. Download your copy of Photography Box Set by scrolling up and
