

Visual C++ 5 Bible (Bible (Wiley))

Take complete control of Visual C++ 5s programming environment with the combined expertise of internationally reknowned trainer and bestselling author Paul Yao and columnist Richard Leinecker. Using step-by-step instructions and clear code examples, Yao and Leinecker provide you with all the information you need to leverage the Microsoft Foundation Class (MFC) and the Active Template Library (ATL) and build high-performance Windows applications that work efficiently across corporate networks and the Internet.
