

## Lucifer: A Dalliance with the Damned (Sandman)

From the pages of Neil Gaimans multi award-winning Sandman series...Lucifer has been busy - creating a universe of his own, in fact, something that has caused ripples and attracted the attention of forces both Above and Below. Join our anti-hero as he journeys to a strange, 18th-century flavoured hell, full of intrigues and back-stabbing; as we meet a poor sinner who is raised to power through the machinations of a demoness; and as the Morningstars creation threatens to renew a war as old as time itself...A war with Heaven...
