

Cinema Now

The DNA of cinema: the most innovative and influential filmmakers in the world today Like all art forms, film is a media as powerful as weapons of mass destruction; the only difference is that war destroys and film inspires. -Nicolas Winding Refn

Cinema Now examines the work and key themes of 60 filmmakers working around the world today, from the cream of the crop of young Hollywood to the new wave of Asian mavericks to burgeoning auteurs from Europe and Latin America. Watch Pedro Almodovar at work. Immerse yourself in the stunning imagery of Wong Kar-Wai. Feel the emotional impact of the films of Alejandro Gonzalez Inarritu and Carlos Reygadas. Live in the strange worlds of Guy Maddin, Matthew Barney, and Tsai Ming-Liang.
