

## Cowboy Style

Cowboy Style highlights today's Western furnishings—from meticulous leather-wrapped armoires to hand-carved mantelpieces depicting a trout stream or local wildlife. An extraordinary commitment of time plus a pure passion and singular creative vision are the hallmarks of the fine furnishings of the contemporary West. Today's artisans are creating works that are fresh, beautiful, meticulously crafted, sometimes nostalgic, often humorous, and always celebratory of both the region and its traditions. In *Cowboy Style*, Ewald interviews dozens of today's craftsmen, including Jimmy and Lynda Covert, Peter M. Fillerup, Mike Patrick, and Chris Chapman, and explores Cowboy decor for every room in the house! ... Dozens of full-color photographs take you into the homes of people who love the West and have furnished their living quarters with the finest western craftsmanship available. --*American Cowboy Magazine* An excellent place to start... Ewald breaks down Western decor by individual U.S.-based designers that contributed to the look. -*Toronto Star*
