

## The Shipping News

The tie-in edition of the long-awaited film of this contemporary classic starring Kevin Spacey, Julianne Moore and Dame Judi Dench. A vigorous, darkly comic and at times magical portrait of the contemporary family. At thirty-six, Quoye, a third-rate journalist, is wrenched violently from his everyday life when his two-timing wife meets her just deserts. He retreats with his two daughters to his ancestral home on the starkly beautiful Newfoundland coast, where a rich cast of local characters all play a part in Quoye's struggle to reclaim his life. As three generations of his family build new lives, Quoye confronts his private demons - and the unpredictable forces of nature and society - and begins to see the possibility of love without pain or misery
