

# The PoWs of Holmbury Hill: A walk through First World War forgotten history

High on a plateau overlooking the village of Holmbury St Mary in Surrey, above the tree-covered ramparts of an Iron Age enclosure, there are mysterious and more recent man-made markings. Only when a team from Surrey Archaeological Society recently surveyed the site did full story begin to unfold. It turns out that Holmbury Hill was once used as a prisoner of war camp for German soldiers captured during the First World War. But why a PoW camp in Holmbury St Mary? What were the prisoners doing there? This guide reveals the secrets of a wartime timber industry and takes you on a fascinating walk right through the heart of of Holmbury's forgotten history. This is a not-for-profit publication. Proceeds to the Holmbury Bonfire Boys.
