

# 500 Poses for Photographing Women: A Visual Sourcebook for Portrait Photographers

Next to lighting, posing is the most challenging aspect of photography with so many body parts to capture, the possibilities are endless, and it's all too easy to make a wrong turn. This illustrated reference provides both amateur shutterbugs and seasoned pros with the perfect place to turn when in need of quick posing strategies and fresh ideas. Containing 500 contemporary images by leading photographers, this indispensable manual explains posing fundamentals as well as how to create a flattering, feature-specific photograph that focuses on the head, shoulders, arms, torso, or feet in different levels of close-ups, from head-shots to full-lengths.
