

Dream Palaces of Hollywoods Golden Age

Bestselling author and Hollywood historian David Wallace unveils 25 enchanting buildings and homes from Hollywoods glorious Golden Age. Hollywood buffs and architecture enthusiasts alike will savor this in-depth, behind-the-scenes look at the histories of these spectacular structures, as well as the titillating revelations about many of their famous occupants. Each restored to its original grandeur, the buildings here-from private homes to theaters, hotels, restaurants, and hot spots of the day-are showcased in 200 sumptuous photographs, all specially commissioned for this book, as well as rare historic shots. The intimate portraits of these famed spaces-including the homes of Hollywood superstars such as Cary Grant, Gloria Swanson, Cecil B. DeMille, and Charlie Chaplin, plus locations like Graumans Chinese Theater and the Max Factor building-demonstrate the innovation, ingenuity, and drive that gave birth to Hollywood.
