

Copenhagen Latin Quarter (Copenhagen Hidden Gems)

Copenhagen Hidden Gems Revealed: Copenhagen Latin Quarter The cafes, the restaurants, the shopping, the coffee, the wine, the cocktails and the Danish pastry welcome to the first ebook in the series Copenhagen Hidden Gems Revealed. My intention with this ebook is to make your Copenhagen stay even more joyful. Go and give Little Mermaid a hug, have a blast in Tivoli Gardens, have fun in the fabulous stores at main shopping street Stroget but also make sure to explore the Copenhagen hidden gems, in order to get the full picture and experience of what this lovely city is all about! Its no coincidence I choose our Latin Quarter as a starting point. In mysterious ways, ever since I started blogging about Copenhagen three years ago, I always return to this lively area. I guess its due to two reasons: I know this area is good blog material; hipster people, hipster cafes and bars. Super stylish girls and guys, in a sweet mix with heavily tattooed and pierced Copenhageners wearing all black and colorful fashionistas taking it away the Lady Gaga way. I love being here! Spending just 10 minutes in the Latin Quarter is a pure energizer. It inspires me to dare to be myself. Enjoy watching the diversification - this area is limitless energy. Enjoy the following 11 Copenhagen hidden gems! Peace & Love, a-gPs. For free Copenhagen inspiration, please visit my blog www.cphblonde.com
