

Zen Style: Balance and Simplicity for Your Home

The Zen home is tranquil and light, natural and balanced; it is a minimalist space influenced by Eastern philosophy. This book draws together elements of Zen Buddhism and applies them to all areas of home decorating-- including color, texture, lighting, flooring, and furniture-- to reveal how you can create an elegant and serene interior landscape. Beautifully illustrated with two-hundred photographs that show practical solutions to common problems and simple projects-- such as an indoor water fountain, textured cushions, and a linen screen-- Zen Style provides all you need to achieve a calm and peaceful living space.
