

devil: devil form prophecy studyguide 22 (you will die.)

Monotheism and Monodiabolism, both originating simultaneously in the monistic tendencies of mans mental evolution, together constitute a Dualism which to many is still the most acceptable world-conception. Nevertheless, it is not the final goal of human philosophy. As p. 2 soon as the thinkers of mankind become aware of the Dualism implied in this interpretation of the world, the tendency is again manifested towards a higher conception, which is a purely monistic view. Will Monism eliminate the idea of the Devil in order to make God the One and All? Or will it abolish both God and the Devil, to leave room only for a world of matter in motion? Will the future of mankind be, as M. Guyau prophesies, a period in which religion will disappear and give way to irreligion? Stephanie curry.amen.
