The character has probably been most famous by the animated comics and animated series X-Men. Later turned into a film, Jean Grays allure and superb psychic powers are put in the spotlight when she magnificently transforms, unleashing her true potential as the prophesied Phoenix. where good hopes she could tame the power, but evil intends to take control and use it to further spread malevolence. The Phoenix is associated with great power, and it is because of the massive potentialities she is endowed with that the battle between good and evil ensues The third of the How to Draw Mythical Creatures series, Phoenix takes on another mystical exploration. The first part tackles historical and mythical accounts on the existence of such a creature. topics among which can be intimidating for the novice. The second section provides basic drawing essentials designed to instruct the absolute beginner. Prior to focusing on the subject at hand, you will have the opportunity to equip yourself with rudimentary basic processes. Included is a discussion on rendering, which will guide you on how to establish lighting, contrast, and shading Without
