

## The Avengers, Vol. 2 (Marvel Masterworks)

Pick up the adventures of Earth's Mightiest Heroes with the Marvel Masterworks! Comics' greatest assemblage of super heroes burst onto the scene in 1963 as Marvel Comics revolutionized the comic-adventure art form. Gathering together to face the evil Loki, Iron Man, the Incredible Hulk, Ant-Man, the Wasp, and the Mighty Thor formed the improbable core of the ever-changing super-team. But it was three issues later when, from the ice of the northern Atlantic, Captain America returned from the frozen depths that the Avengers truly took form. Now, the epic story continues in Volume 2 with appearances by Quicksilver, Scarlet Witch, Spider-Man, and more! Collects The Avengers #11-20.
