

## Creating Cottage Style: Stylish Ideas and Step-By-Step Projects

Whether you live in a hilltop village in France or an apartment in New York, *Creating Cottage Style* is a wonderful resource for simple, inspiring ways to introduce cottage style to your home. In the first part of the book, *Cottage Styles*, Katherine Sorrell takes a tour of inspirational interiors from around the world, from the relaxed simplicity of Scandinavian style to the comfortable charm of the country homes of England.

Spread throughout the book are twelve stylish yet achievable projects, each one accompanied by step-by-step illustrations. Projects include a pretty floral tablecloth for your dining room, yellow-checked curtains for your living room, and a painted closet for your bedroom. In *Cottage Rooms*, Katherine guides you through every room in the home, while lavish photography highlights intriguing details along the way. This wonderful book provides a wealth of ideas for you to recreate at home--cover beds and pillows with toile de Jouy fabric, paint rooms in pale, soft colours, or disguise kitchen storage spaces with gathered panels of traditional fabric. -A treasure trove of ways to capture the essence of country living, whether you want to add handcrafted touches to your kitchen or redecorate your living room. -Includes 12 truly illustrated step-by-step projects for country-inspired details including pillows, curtains, bedspreads, and wreaths.
