Jack Duncan has hours to prevent an imminent terrorist attack on Disneyland. Through his desperate attempt to save thousands of innocent lives, he discovers an underground world of extraordinary secrets and inventions hidden by Walt Disney and Jack's father--Stan Duncan. What would it be like to live at Disneyland? To talk with Walt Disney in his private apartment above Main Street? To ride Pirates of the Caribbean with Johnny Depp? In 2005, Jack saved thousands of people from an attack, but he couldn't save the love of his life. His kids are all he has left, and he's making good on his promise to live at their favorite place in the world--Disneyland. Jack needs help from his father, Stan Duncan, who was Walt Disney's closest security advisor--but Jack finds that Stan has been protecting dark secrets for decades. This story will take you on a journey through time allowing you to experience Disneyland throughout several different decades. Have coffee with Walt Disney in his 1959 Main Street Fire Station Apartment. Eat a lobster sandwich with Walt and Admiral Fowler at Mauries

Lobster House on Fowlers Harbor. Witness a fairy-tale love story set on the romantic Skyway in 1994. Travel to 1966 to attend the opening of New Orleans Square, and hear Walt's last words before his death in December of 1966. Deadliest Cast Member allows you to delve deep into the brilliant mind of Walt Disney, Disneyland History, US History, and Disney lore as you discover new things about the most famous theme park in the world. JOIN THE ADVENTURE! Season One is written in a television-style format, with cliffhangers at the end of each Episode. This is a work of fiction, but real Disneyland facts and history have been integrated into the story. Go back in time and sit with Walt Disney in his Fire Station Apartment. Listen to his plans and vision for the Park. Experience what it's like to live in the luxurious El Capitan Suite at the Grand Californian Hotel. Follow Jack and his kids as they stay in the exclusive Dream Suite, and host Johnny Depp in Club 33. Our readers claim that this story adds a new dimension to their trips to Disneyland. Dig deep into the historical inclusion of the Gentleman Pirate Jean Lafitte into Disneyland Park. This one-of-a-kind series will immerse you in the magic of Disneyland, keep you on your toes, and captivate you with Disneyland history and trivia.
