

Vienna (Wien, Austria) 1:30,000 Cycling Street Plan, waterproof FREYTAG

Vienna (Wien, Austria) 1:30,000 Cycling Street Plan, waterproof FREYTAG Street plan of Greater Vienna at 1:30,000 with the city centre at 1:17,500 on a light, waterproof and tear resistant paper with cycle paths. The map is double-sided to cover the city within its administrative boundary so that its outer suburbs are included (e.g. the Wien-Schwechat international airport). A very generous overlap between the two sides means that the central districts are conveniently shown on both sides of the map. Colouring of the overprint indicates if the cycle routes are along separate designated paths or on roads with motorized traffic. Stretches of long-distance cycle paths within the city, such as the EuroVelo 6 Danube Cycle Path, are highlighted and mountain bike routes are indicated. Symbols mark dangerous crossings and locations of cycle hire or repair facilities. Locations of public Citybike stations are marked, including near the Schonbrunn Palace and the Prater. The city's central districts within the Gurtel ring are shown in greater detail on an inset at 1:17,500. The base map indicates main traffic routes and shows tram and bus lines with stops and route numbers as well as U-Bahn, S-Bahn and railway stations. Map legend is in German and English.
