

Rediscovering the Old Tokaido: In the Footsteps of Hiroshige

For the first time in an English language edition published outside Japan, all 55 prints of Hiroshiges Fifty-three Stages of the Tokaido are reproduced in full colour, supporting a detailed and intriguing account of the authors rediscovery on foot of the historic 303-mile road from Edo (Tokyo) to Kyoto. Remarkably, the Old Tokaido can still be found in many locations and photographs of the modern parallel the old.
