

Carl Barks Big Book of Barney Bear

Carl Barks tops the list of greatest comic book artists of many devoted fans around the world. He has often been called The Good Duck Artist by avid readers of all ages of his Disney Donald Duck and Uncle Scrooge comics. Those Duck stories have been reprinted and loved again and again by millions. But, while the Duck oeuvre is easily obtainable, only a few elite fans have gotten rare glimpses of yet another fabulous, alternate universe that Barks created around the classic animation characters Barney Bear and Benny Burro. Hidden in rare, Golden Age comics only Scrooge McDuck could afford are wonderful, full-color fantasy and fun stories as only Barks can write and draw em! Collected for the first time in a deluxe, hardcover, full-color tome, are all of these masterpieces, meticulously restored. The Barks Bear Book is edited and designed by Eisner-Award-winning comics historian Craig Yoe, with a fascinating introduction and special cover is by Barks-devotee Jeff Smith, the best-selling graphic novelist of the Bone comics series. As with the entire line of Yoe Books, the reproduction techniques employed strive to preserve the look and feel of expensive vintage comics. Painstakingly remastered, enjoy the closest possible recreation of reading these comics when first released.
