

## Transmetropolitan No. 57: Headlong - Part 3

The soldiers suddenly open fire on the protestors, slaughtering them by the dozens. The Hole is the only feedsite broadcasting it, as everyone else is being occupied by soldiers. The press corps at the White House confront the Smilers press liason with the footage. Mary Bannister calls Spider, and transmits pictures shes taken with her camera to his live shades through the phone line, before being confronted by soldiers (Shes a revival, man. No threat. They all have brain damage. Fuck you, G.I.). The pictures show Alan Schact and a Secret Service agent talking to the Revival who assassinated Vita Severn. Oscar Rossini reflects on how the wheels are in motion to impeach The Smiler, and how Spider, Yelena, and Channon have to make sure they see it through. The trio escapes as soldiers show up at the front door.
