

Choosing the Right DAW for You: Take the Guesswork Out of Selecting a Digital Audio Workstation (Alfreds Pro Audio Series)

Choosing the right digital audio workstation (DAW) is one of the most important decisions any home recording enthusiast will make. Take the guesswork out of it with this DVD. Join renowned engineer and educator Rick Silva as he walks you through five of today's most popular DAWs: Cubase, GarageBand, Logic, Pro Tools, and Sonar. Silva breaks down the primary features of each program, showing you clips that demonstrate how to record and mix audio, work with MIDI, use loops, and more. Don't make your purchase until you've seen *Choosing the Right DAW for You*.
