

The Art of Mixing: Visual Guide to Recording, Engineering and Production (Mix Pro Audio Series)

This colorful book uses extensive visual representations to explain how to create every style of music mix. It's an in-depth exploration into the aesthetics of what makes a great mix in a simple, visual manner. Gibson has mapped out everything that can be done to create various effects in all standard mixes, including details on most styles, from bluegrass to big band, new age to heavy metal, classical to hip-hop, jazz to rap, and alternative rock to techno.
