

Gene Simmons Zipper Volume 1

International superstar Gene Simmons creates his own version of the classic stranger in a strange land in this first collection of his all-new science fiction title, Zipper! After a daring escape from his other-dimensional home, the Nether Ether, denizen Xeng Ral finds himself on planet Earth lost, alone, curious, and confused. Protected only by a specially equipped exo-suit, Xeng Ral sets out to explore his new world, finding both allies and enemies, all the while desperately evading those who would hunt him down from the Nether Ether.
