

Marvel Masterworks: Fantastic Four Vol. 10 (The Marvel Masterworks Library Vol. 62)

Certiably the Worlds Greatest Comic Collaboration, the Stan Lee/Jack Kirby Fantastic Four run stands as one of the high-water marks in the history of the medium. The ten titanic years on the title laid the very foundation of the Marvel Universe, and birthed more amazing concepts and creative characters than perhaps any series before or since. In this tenth Masterworks volume, we celebrate the entire Lee/Kirby run with essays by critics, creators and luminaries in the field of comics. But it just aint waxing nostalgic, True Believer! This is a Marvel comic, after all! Expect plenty of explosive action and family drama a-go-go as the FF build up to their 100th issue featuring everyone from Doc Doom to Dragon Man! Theyll also help mankind take one giant leap when the Krees robot Sentry tries to stop the Apollo 11 moon landing! Just for good measure, well throw in the uncanny Inhumans and Attilan, and the whole shebang comes to a head when the mutant menace, Magneto, teams up with Namor in a bid to conquer the world-Nixon is not pleased! Collecting FANTASTIC FOUR #94-104.
